

Submitter: Lee Grundmeyer
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

Leave my constitutional rights alone! All you servants of the public of Oregon violate our rights with these outlandish acts of violating our rights when YOU signed an oath to abide by it!! I cannot understand how you can allow these violations to keep being pushed damn well knowing it violates our RIGHTS!

All these "gun safety bills/measures" are not doing a damn thing but restricting law abiding citizens of their GOD GIVING RIGHTS! And you damn well know you're violating them!

It took us almost 60 days to get my wife's last firearm and another 65 for mine to protect ourselves from this lawless criminals that have ZERO consequences of their actions but RUINS my damn right to protect ourselves, my wife's and my family!!!!!! Or should I call the police when someone breaks in and hope they show up within an hour or 2?

Cannot believe what this state has become from a government standpoint! Criminals run free while citizens struggle to protect themselves because of salems policies they keep pushing garage through!
