

Submitter: Susan Marks
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

I am writing to urge your support of HB 3202, which will create standards to limit and mitigate light pollution across Oregon.

Many other states have taken such steps already. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
