

Submitter: Mary Sigler

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose SB348 because it may be infringing upon our Oregon State Constitution, Article 1, section 27 as well as the 2nd Amendment of the United States Constitution. SB348 is also going around and trying to undermine our judicial process as M114 is already being looked at and studied in the courts. I urge you to stop process on this SB348 and let the judicial process determine the outcome of M114 and these issues.
