IN SUPPORT OF HB 3202

Please support House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

Oregon should follow the lead of other states that have already taken this step. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
