Measure: SB348

I strongly oppose SB 348 with it's extensive amendment. While Oregonians face high energy prices, high crime, and increasing un-employment, it is a disgrace that our elected leadership finds time for such shenanigans as this. Measure 114 has proven to be an uphill battle, and will likely be under litigation for years. Instead of working on real solutions to Oregon's issues, you have chosen to try to sneak in a duplicate to Measure 114. The sponsors of this bill should be ashamed of themselves- pathetic political games instead of results.
