Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB2659

As a person with children--and I hope future descendants--, as a member of the interconnected web of existence of which we are all part, I oppose HB 2659. Climate-Friendly & Equitable Communities are essential to the health of our communities, to the future of every one of us, to our ecosystem and to future generations. Please do not move HB 2659 forward.
