

Submitter: Kathy Wilmot
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

Against SB348. Do not pass this bill. Do not bypass the judicial branch to get measure 114 policy enacted. The 2nd Amendment to the US Constitution guarantees the right of the people to keep and bear arms and this right shall not be infringed. SB348 is backdating the max 10 round capacity requirement of measure 114 to 12/12/22 therefore criminalizing those who purchased them legally at that time. Also the minimum age to purchase firearms should remain at 18. 18 is the legal age to join the military, enter legal contracts and vote in all elections. I am in opposition to ANY legal statute or regulation that interferes with or abrogates ANY portion of the Oregon Constitution or the US Constitution and/or Bill of Rights for ANY citizen. To deny a legal adult any Constitutionally guaranteed right is wrong morally and legally.
