Measure: HB3202

Dear Legislators,

I hope that you will be a yes vote for House Bill 3202, in order to protect our ecosystem against the damages caused by light pollution.

House Bill 3202 builds on what other states have already done. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
