On Behalf Of: HB3202  
Committee: Joint Committee On Transportation  
Measure: HB3202

Please pass HB3202 and protect our dark skies in Oregon. Light pollution is growing and has very negative effects on all populations. Protecting our night skies not only benefits all Oregon residents, both human and non, but is a boon for visitors who visit Oregon for all our natural environments have to offer. Let's be leaders in protecting our night skies!
