

Submitter: Maureen Rogers

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose SB 348, not only because it is unconstitutional, but it is also impractical financially and functionally. It is contradictory that you reduce funds for law enforcement yet expect them to take on more responsibility. This is America; land of freedom, liberty, and opportunity; not China and oppression. You are on the path of tyranny and government overreach with this type of activity.
