

Submitter: Megan Ouchida
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

IN SUPPORT OF HB 3202

Light pollution imperils migrating birds, impacts entire ecosystems, contributes to climate change and obscures our view of the night sky! Many other states (including California, Colorado, Connecticut, Hawaii, New Mexico, Arizona and Texas) have standards in place to control LP and we need to step up our game in Oregon.

I hope that you will be a yes vote for House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Many other states have taken such steps already. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!

Thanks,
Megan Ouchida
