

Submitter: Cassandra Doll

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2659

Please do not move HB 2659 forward. Improving our cities to be less car-centric, and more climate-friendly is hugely important for future generations. We need to start taking action now and the CFEC program is a huge step in the right direction. Do not repeal or delay the climate friendly and equitable communities rules!
