

Submitter: Patricia Armstrong
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To the Oregon Legislature:

I am writing to urge your support of HB 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

This is not a new concept, and in fact other states have already implemented such measures. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
