Measure: HB3202

PLEASE VOTE IN SUPPORT OF HB 3202

Please support House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

This is not a new concept, and in fact other states have already implemented such measures. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
