

Submitter: Chase Doran  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB3513

Do you really intend to give the tyrants of the Oregon health authority more power and money? Unelected officials that get to squander tax payer funds. On one hand it's illegal to transfer your firearms to someone (unless done through the state in a process that is so far backed up it's laughable) and on the other hand you want to create a taxpayer funded process of transferring firearms. This state is going straight down the toilet just like the city of Portland. Measure 114, 348 and this one make a native Oregonian of 34 years want to pack up and leave. I'll be staying for the fight though.
