Measure: HB3513

Sirs:

Having served 40 yrs to our county 20 in the U S Army and 20 with U S Fish and Wildlife Service, This bill is a waste of taxpayers money. You continue to turn Oregon into atheistic socialistic nanny police state. We need to enhance our mental health service and bring back personal responsibility. Stop dropping firearms violations from plea bargain agreements. Hold BLM and ANTIFA responsible for their rioting, looting and arson acts. Hold street gangs responsible for their actions, firearm violations and drive by shootings. If you do a crime using deadly weapons, you go to jail, period. If you are a minor and do adult deadly weapons crimes, you are treated like an adult and do hard time. Schools need to enforce discipline with in house suspensions. I taught in an inner-city secondary school and when we had a principal that did this our, discipline problems went down and our test scores went up. I disarmed 2 students with loaded pistols during my time teaching in inner-city schools and this was back in the 1970's. We NEED TO ENFORCE our laws and put teeth in our existing laws by enhancing punishment. We had shootings in schools then, the difference was it was not flashed on news channels for days on end. It was kept local and the shooter's name was not broadcast keeping him from becoming a local thug hero. So stop this nanny state attitude, and enhance the punishment for violent crimes. Remove DA's that are soft on criminals.
