Committee: House Committee On Judiciary
Measure: HB3513

Please kill HB 3514. This bill is unnecessary. It does not address how to reduce crime. It only makes life harder for honest folks. Costs a lot of money and doesn't reduce crime. To reduce crime please start by locking up criminals who apply their trade while using a gun. You will find the gun crime will reduce drastically. HB3514 attacks the wrong people. It attacks law abiding folks.
