Measure: SB320

No Reductions!

Why are we even considering reductions in CRIMINAL SENTENCES? The purpose of the sentence is to incarcerate...not to play "Let's Make A Deal"! Measure 11 was enacted because the public was fed up with lenient sentences. Now, someone wants to diminish the sentences again? I can certainly guarantee that any politician voting for this will never receive any of our families votes, plus we will actively campaign against them. Enough is enough...keep the scumbag losers locked up and protect Oregonians.
