

Submitter: john charlton

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

This is unconstitutional, and a shameful way to backdoor the residence of our once great state! There are much better ways to protect us from gun violence, but this is an ugly attempt at circumventing the very constitution you were charged with protecting. Everyone of you who votes for this bill will be on trial for violating your oath of office!

John Charlton
