Committee: Joint Committee On Transportation

Measure: HB3202

Testimony in SUPPORT of HB 3202:

I am writing to urge your support of HB 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
