IN SUPPORT OF HB 3202

I hope to count on your support of the Night Skies bill, HB 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

It's time for Oregon to get to work to address this issue. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
