

Submitter: Pete Gonzalves
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To the Oregon Legislature:

I hope to count on your support of the Night Skies bill, HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
