Committee: Joint Committee On Transportation
Measure: HB3202
To Oregon Lawmakers:

I am writing to urge your support of HB 3202, which will create standards to limit and mitigate light pollution across Oregon.

It's time for Oregon to get to work to address this issue. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as protects people from adverse effects on our own health and safety.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
