Committee: House Committee On Judiciary
Measure: HB3390

I strongly oppose this bill... I took my grandchildren to the Lewis & Clark HISTORY Center. They learned about how Lewis & Clark used fur skins to keep warm, they learned that none of the animal went to waste. They have parents and friends that hunt, and raise cattle to put food on their tables. They know the animal is skinned and the hide is recycled for other uses. They see people fishing, and know how lures are made. THIS IS OREGON, THIS IS US! Why, oh why does Portland get to decide to change OUR history?? This bill is just absurd, and ridiculous. I ask that you agree to keep what is left of our Oregon way of life alone. Thank you!
