On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

To Oregon Lawmakers:

Please support House Bill 3202, which will create standards to limit and mitigate light pollution across Oregon.

It's time for Oregon to get to work to address this issue. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
