Measure: HB3202

Testimony in SUPPORT of HB 3202:

I am writing to urge your support of HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

This is not a new concept, and in fact other states have already implemented such measures. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
