

Submitter: Hal Lawson

On Behalf Of:

Committee: Senate Committee On Education

Measure: SB409

I believe that it is critical to get the school curriculum uploaded to the school website so that every parent has the opportunity to investigate the content being taught to their child. Furthermore as a grandparent and member of the community and society at large I want to know how our youth are being educated for their own benefit and that of society.

As a tax paying member in the community the future of our next generations is paramount to my decision making.

I support SB 409.

Remember your oath

Regards ... Hal Lawson
