

Submitter: Patrick Hanrahan

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

To the Oregon Legislature:

Please vote YES on H.B. 3202 (the Night Skies Protection bill) which seeks to mitigate the detrimental effects of light pollution on our environment.

Oregon should follow the lead of other states that have already taken this step. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.
