Testimony in SUPPORT of HB 3202:

I hope to count on your support of the Night Skies bill, HB 3202, in order to help improve wildlife welfare, human health, and our environment generally.

This is not a new concept, and in fact other states have already implemented such measures. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
