

Submitter: Robert Treadway

On Behalf Of:

Committee: Joint Committee On Transportation

Measure: HB3202

Hello Oregon Lawmakers,

I very much hope that you will vote yes for House Bill 3202. This bill will help to reduce light pollution in our state. It will help to protect our night skies for us and our children. And it will help to protect migratory birds and other parts of Oregon's ecosystem.

Thank you!

Sincerely,
Robert Treadway
