On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Please listen to Testimony in SUPPORT of HB 3202:

I'm asking you to please vote YES on H.B. 3202 (the Night Skies Protection bill) in order to protect our ecosystem against the damages caused by light pollution.

I believe Oregon should follow the lead of other states that have already taken this step. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Please let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!

I appreciate your consideration.
