Testimony in SUPPORT of HB 3202:

I hope that you will be a yes vote for House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

Oregon should follow the lead of other states that have already taken this step. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
