

Submitter: Lisa Miller
On Behalf Of: Myself and family
Committee: Senate Committee On Judiciary
Measure: SB527

I urge you to OPPOSE this. First off I have a well educated 18 year old son, who has done all the proper things taken hunter safety courses and grew up in a family who all use guns and teach safety to our kids. If he is old enough to go into the military to fight for our country, I believe they can own guns, repair guns.

Thank you
Lisa M
