

Submitter: Kristine Sawicki
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To the Oregon Legislature:

I am writing to urge your support of HB 3202, in order to protect our ecosystem against the damages caused by light pollution.

Many other states have taken such steps already. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.

Every step we can take, we need to take to save this beautiful planet of ours. My tax payer dollars are in support of Night Skies protection.
