Committee: Senate Committee On Judiciary

Measure: SB320

I strongly oppose SB320. The same people that claim that guns kill and criminals do not, are now wanting to put more criminals back on our streets. If you wanted to wall of the city of Portland and empty the prisons into downtown Portland, then the release programs might work. The better solution is to enforce the current laws and keep the criminals off our streets.

The fact that SB320 even exists is an insult to law abiding citizens who only want to be left alone. Stop the insanity. Let this assault against the people die.
