

Submitter: Joe and Janey Paterno

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

We are writing in support of common sense gun safety legislation, which is what Measure 114 is! A majority of Oregon voters supported this in the November 2022 election. We worked diligently on the Measure 114 campaign as the Field Team chairmen, and met hundreds of people whose lives were sadly impacted by gun violence through homicides, suicides, domestic violence, and accidents. These people were not criminals! They were victims. These tragedies negatively affect lives forever. We urge you to implement all aspects of Measure 114 without changes weakening the measure. Our current gun laws are not working. Legislation needs to happen now in order for our children to be safer in their schools, in order for the public to be safer on the streets, and in order for all to be safer in their communities.

Respectfully Submitted,  
Janey and Joe Paterno
