Committee: Senate Committee On Judiciary

Measure: SB320

I strongly oppose this bill. My son has been in prison, I see both sides here. We are talking about serious crimes however in this bill. As we see nationally we need more enforcement and we need real penalties. I cant imagine being a family member of a victim and the state saying well he has good and nice so lets let him/her out. I would be devastated. Consequences are needed and need to be what we say they are. If someone wants to change this, put it to a vote.
