

Submitter: J Gorman
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

Yesterday Nashville. A few days ago, three gun shooting deaths near the Charles Jordan Community Center in North Portland. It's still early today, will there be news of more shootings? If not then, will it be tomorrow followed by more tomorrows. News of another shooting is now the norm. It must stop! Measure 114 is but a beginning to end the insanity of gun threats, injuries, deaths. I, and a majority of, Oregonians voted for Measure 114. I, and I suspect the rest of the majority, did not vote with the expectation that Measure 114 would be watered down. If anything, I would have voted for more stringent PROTECTIONS FOR THE SAFETY OF THE PEOPLE! I appreciate the work the Judiciary Committee has done on SB 348-1. However, full implementation of Measure 114 is a must. I encourage the Committee to exercise the fortitude and will to achieve that result.
Thank you.
