Committee: Senate Committee On Judiciary
Measure: SB348

Another school shooting with three nine-year olds and three adults killed continues the heartbreak. It sounds like the killer had two legally acquired assault weapons. Measure 114 won't stop every possible shooting, but the things it contains are common sense. A little inconvenience and waiting time for gun buyers is an extremely small price to pay for the chance of saving even one innocent child's life. Please make administrative changes necessary to make this into law in Oregon, but please don't water down the intent of all aspects of the measure passed by the voters.
