

Submitter: Linda Robinson

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure: SB851

I strongly oppose this bill. It would put the State over employers, allowing employees to demand promotion or wage benefits over employers' decisions. There are already laws to protect employees against discrimination and this bill would put unreasonable pressure on the courts so they couldn't decide necessary cases in a timely manner.

Do not pass SB 851. Please vote NO!
