

Submitter: Marina Gilson

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2513

Hi my name is Mina Gilson. On April 5th 2023 I will have 2 years clean from drugs and alcohol. My sobriety would not have been possible with out the support and services I received from substance abuse programs, and peer support/mentorship. Addictions is a disease and should be treated as such by making treatment accessible for everyone.
