Measure: SB348

Having worked for two law enforcement agencies and as the director for two anti-human trafficking organizations (one under the DOJ), I have seen the fear of firearms owned by the wrong people controlling the vulnerable. We need to do whatever we can to stop these dangerous people from possessing firearms. How many young girls and boys have been forced into atrocious activities because of fear? How many would have ran away if they felt they or their loved ones (sometimes their babies) would not be shot? Let's be practical and help protect the vulnerable from the ruthless.
