Measure: HB3202

IN SUPPORT OF HB 3202

Please support House Bill 3202, in order to help improve wildlife welfare, human health, and our environment generally.

This is not a new concept, and in fact other states have already implemented such measures. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

Let's protect our night skies now while we still have them, instead of trying to restore them after they're gone!
