

Submitter: Christine Froese
On Behalf Of: Sb348
Committee: Senate Committee On Judiciary
Measure: SB348

I oppose Sb348. We should not lose our right to bear arms. The criminal will always find a gun. More and more cartel are entering our great land. By working towards a way to disarm Americans chaos will take over by the criminals. It's not guns that kill people it's the people who kill people. Like people die in car accidents often by drunk drivers. So do we take away cars from the responsible? More people die by knives than bullets in America every year. No on SB 348.
