Measure: HB3202

Testimony in SUPPORT of HB 3202:

I hope to count on your support of the Night Skies bill, HB 3202, which seeks to mitigate the detrimental effects of light pollution on our environment.

House Bill 3202 builds on what other states have already done. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!
