Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

Please please, for the ecosystem and continuation of generations to enjoy our environment: vote YES on H.B. 3202 (the Night Skies Protection bill) which seeks to mitigate the detrimental effects of light pollution on our environment.

It's time for Oregon to get to work to address this issue. Nocturnal animals are dependent upon uninterrupted nighttime hours, and behavioral changes stemming from over-illumination can have effects on humans' ecosystem as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.
