

Submitter: Lottie Otter
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

Dear Legislators,

I hope that you will be a yes vote for House Bill 3202, in order to protect our ecosystem against the damages caused by light pollution.

Many other states have taken such steps already. This bill helps prevent birds and nocturnal animals from being adversely affected by over-illumination, as well as the effects on our own health and safety.

It's easier to protect our night skies while they're still here than to try to repair them after they are gone!

Thank you fir protecting the dark n birds
