Testimony in SUPPORT of HB 3202:

I hope that you will be a yes vote for House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

Reducing light pollution is vital to wildlife and to our own quality of life.

Oregon should follow the lead of other states that have already taken this step. Behavioral and hormonal changes in animals due to over-illumination can have far-reaching effects on public health as well.

Protecting our night skies while we still have them is easier than trying to restore them once they are gone.

Thank you!
