

Submitter: PD Roberts  
On Behalf Of:  
Committee: Joint Committee On Transportation  
Measure: HB3202

To the Oregon Legislature:

I am writing to urge your support of HB 3202, which will create standards to limit and mitigate light pollution across Oregon.

This is not a new concept, and in fact other states have already implemented such measures. This simple bill will help protect migratory birds as well as help ensure a vibrant ecosystem that benefits humans too.

It's easier to protect our night skies while we still have them than to try to restore them once they are gone.

This is also a win for reducing energy use as well, so please act on behalf of our feathered friends!
