

Submitter: Rachel D
On Behalf Of:
Committee: Joint Committee On Transportation
Measure: HB3202

To Oregon Lawmakers:

I hope that you will be a yes vote for House Bill 3202, which can help curtail the damage done by light pollution to wildlife as well as human health.

Oregon should follow the lead of other states that have already taken this step. Light pollution can disrupt carefully choreographed ecosystems including impacting animals' feeding habits, migration, and predator/prey relationships, and can have far-reaching effects on human health as well.

It is easier to protect Oregon's night skies while we still have them than to try to restore them once they are gone.
